Investment Process

We are Taiwania

Founded in 2017 **we are Taiwan's national investment arm** backed by resources and support from the Taiwan government and private enterprises.

We are sowing the seeds of the next great industrial ecosystem by :

Harnessing the expertise of Taiwan's research and enterprise to identify and invest in the innovative technologies of tomorrow.

Serving as the global conduit between innovative startups and Taiwan's ICT and Biotech Ecosystem to boost economic growth.

Pioneering disruptive entrepreneurship by preemptively investing in and establishing early-stage ventures within our core competencies.
